Utrecht Summer School

- **4000 participants**
- **240 courses**
- **60 online courses**
- **125 nationalities**
- **Courses lasting 1 – 6 weeks**

8.6/10

In 2020 **summer**school **UTRECHT** scored 8.6 on a ten-point scale

summerschool UTRECHT

Universiteit Utrecht

UNIVERSITY OF APPLIED SCIENCES UTRECHT

HKU university of the arts utrecht

Despite the fact that the organizers for this course had to move ALL content online, manage participants from multiple continents and several different time zones, the facilitators, staff, and lecturers for this course were just phenomenal.
- Student Posthuman Convergences

Thanks to the course coordinators for hosting and teaching this amazing online course that combines theory and learning by doing!
- Student Advanced Communication Skills

The online M&A course enabled me to feel the 'fun' of law again - a subject which requires continuous thinking and which might have no yes or no answer.
- Student Mergers & Acquisitions

Thank you for such a wonderful learning experience! I enjoyed every second of my time with the Summer School
- Student Battlefields Uncovered

- Bachelor 49%
- Advanced Bachelor 22%
- Master 10%
- Advanced Master 15%
- PhD 4%

Get ready for the Summer of 2021!

After a unique and different edition in the summer of 2020, we are preparing an interesting and engaging Utrecht Summer School programme for the summer of 2021! In July and August, the 35th edition of the Utrecht Summer School will (hopefully) take place in Utrecht, a beautiful historic city in the centre of the Netherlands. The Utrecht Summer School has become a characteristic recurrence in the summer time, with Utrecht's residents recognizing Summer School students from afar by their blue Summer School tote bags. With over 200 courses and a large student population, Utrecht Summer School is the largest Summer School in Europe.

With its partners, the Utrecht Summer School offers courses covering a wide range of disciplines at all academic levels. Over the past years, the Summer School has attracted students from over 120 different countries. Together they create an inspiring international environment. A summer course is the ideal opportunity to deepen your knowledge, update your skills, and broaden your horizon. No matter what level or field of interest, you are bound to find a course that suits you.

In the unfortunate event the courses cannot be held in the Netherlands, as was the case last summer, we will provide courses in an online setting. We're proud to have been able to offer over 60 digital courses in 2020, varying from law, economics, social sciences, music, art, business to language courses. If you cannot travel, we will make sure you can meet your fellow students virtually, during both the course and the online social programme.

Utrecht Summer School: a great way to obtain new knowledge, get a taste of student life and make new friends from all over the world.

See you next Summer!

Short or long courses in The Netherlands and elsewhere!

In addition to a large array of specialized courses, Utrecht Summer School offers a variety of so-called Tracks. These tracks have a carefully thought out programme where each course builds on the previous one providing a comprehensive and well rounded perspective on the topic at hand. Students can immerse themselves in the history of Europe, Dutch culture, European Business, Art History or the Dutch language.

To offer a truly European experience, we offer 6-week tracks that take place in Utrecht, as well as at our partner institutes in Florence, Rome, Tartu, Latvia, Milan and Berlin! Explore the art history in these beautiful cities, look into the business network in Europe or the history of the Baltic States. Utrecht Summer School provides housing in all of these cities as well as all transport between the different course locations.

Students can also choose to creatively combine courses if they wish to extend their summer experience. Check the course overview on the next page to get an idea of how students can design their perfect summer!

Our social programme

Utrecht Summer School's **social programme** is the perfect way to get to know fellow Summer School students and to learn more about Utrecht and the Netherlands. The programme offers several ways to explore the city and excursions all over the country.

Some people may choose to take part in an online course. For them too we will provide interesting and fun online activities. Join a virtual pub quiz or check out our online city tours. Students are most welcome to get to know their fellow students, from their own living room.

Housing

Utrecht Summer School offers temporary housing for Summer School students.

- All accommodations can be easily reached from the various course locations.
- The buildings have shared units with shared facilities and private bedrooms.
- The units are furnished and contain fully equipped kitchens.

Utrecht Summer School tries to house students from one course in the same units as much as possible. Housing requests are taking into consideration, creating an enjoyable, safe and comfortable environment for everyone.

Digital courses

Due to the COVID-19 regulations in the Netherlands and abroad, we were unfortunately not able to offer our courses face-to-face last summer.

But, with the enormous effort of our course coordinators, we are very proud of the over 60 courses offered in an online format!

We expect to offer our courses on location again next summer, but in case welcoming you to Utrecht will not be an option, we will again transform courses into an online format. Check our website, for all updated course information. A number of courses will be offered online anyway.

Take a look at our full course offer for 2021 at **www.utrechtsummerschool.nl**
